This document contains release notes for the Release 3.12 of FOIAonline, for release after COB on September 9, 2019. This document provides a summary of enhancements, bug fixes, and other updates contained in the release.

New Enhancements

- Updated functionality so when users with the Helpdesk role deactivate user accounts, the accounts also lock.

Bug Fixes

- Fixed issue where Placeholder records would not upload to case files.
- Fixed issue where record exemptions would not display in the Closure Information section when supporting files were attached to the Final Disposition Notice.
- Fixed issue where record exemptions would not display in the Closure Information section when exemptions were removed from one record after close-out.
- Fixed issues with Year-End Annual Report functionality where:
  - The PDF of the Year-End Annual Report would not download.
  - Section V.B.1 would display the Total count in the "All Records Referred to Another Agency" column.
  - The data table would not populate on the Edit Section VI.C.1 page.
  - Edited values on the Edit Year-End Annual Report pages would adjust to meet Year-End Annual Reporting logic. Once edited, all fields should retain the values entered by the user.
  - The Total row on Section V.B.2 of the Edited PDF would reflect the sum of the original Total and each row in the table.

Other Updates

- Deactivated all migrated accounts that have not been accessed since July 2018.
